

Bayswater – Sofa Range

Specification

- Frame is made from solid wood. All key joints are securely screwed, stapled & glued with water based, formaldehyde free glue
- Features a recline function with an electric foot and head rest
- Upholstered in leather and available in a large range of colour options
- Seat made up from a spring and webbed suspension with a medium firmness
- Finished with black metal feet

This range is available in many different hides, each with unique characteristics including scars, grain variation and other markings. It is normal for leather to show signs of creasing and stretching and for interiors to lose density from use.
