

Brando – Sofa Range

Specification

- Frame constructed of engineered wood, firwood and Masonite. All major joints are screwed, glued and stapled for added rigidity.
 - Seat suspension comprises webbing for durable comfort.
 - Solid wooden feet that elevate the frame from the floor.
 - Upholstered in leather and available in two finishes, Indiana Brown or Indiana Grey.
 - Regularly plump all cushions to maintain performance. Please refer to the care and commitment leaflet for further details.
 - Professional care only.
