INCEPTION

T-INC-MW-0001-O

Inspired by infinity mirrors from the 1970s, the Inception lights up to reveal a seemingly endless line of reflections, appearing smaller and smaller as they fade into the distance. When it's turned off, it becomes an elegant everyday mirror, framed in thick Flat Brass. Once turned on, it's as if a portal has been opened, leading you into another dimension. LED antique bulbs are placed behind the frame for a lighting effect that's soft and mellow. Handcrafted with the finest detail, the Inception mirror is a spectacular showcase of artistry and drama.
