- Made in the UK
- Available in a range of fabrics and leathers
- Regularly plump all cushions to maintain performance. Please refer to the care and commitment leaflet for further details.

The Stanton Willow fabric used in our Windermere range is a large print pattern which is cut individually for chairs and scatter cushions. For this reason, the features of the pattern may not always exactly reflect the examples shown. This range is available in many different hides, each with unique characteristics including scars, grain variation and other markings. It is normal for leather to show signs of creasing and stretching and for interiors to lose density from use.

Large Sofa
(includes 2x 20" and 2x 17" scatter cushions)
